# IMPORTANT THINGS TO REMEMBER!

- You must say the Station's Legal ID, "WRIU KINGSTON" as close to the top of every hour as is reasonable.
- You must Sign In and Sign Out in the log at the start and end of your slot.
- You need to take readings in the log during your slot.
- You should try to enter the currently playing song in the box on the Booth Computer's home page (to display on the stream) for every song you play. If you miss one, just try for the next one.
- You should leave Station Playlist on if nobody comes in after you.
