

What to do if...

NOBODY SHOWS UP FOR THE NEXT SHOW

- 1.If nobody comes in for the next slot, you must switch to Station Playlist.
- 2.Do not leave PSAs, CDs or music on the both computer playing.
- 3.Station playlist shares a channel with the studio computer. It's labeled on the board in neon yellow.
- 4.You switch between the two by pressing the A/B button. It lights up when it's on B.
- 5.When it is unlit, like the other channels, it is set to Station Playlist. When it is lit, it is set to the studio computer.
- 6.The ideal volume range is indicated with a little yellow tape, but if possible, adjust the volume as necessary.
